June 30, 2017**

The Sylvan Union School District ("the District") was established in 1946 under the laws of the State of California. The District is currently operating ten elementary schools and three intermediate schools. All of the District's schools are located in Stanislaus County. The District is comprised of approximately 23 square miles. There were no changes to the District's boundaries during the current year.

On November 7, 2006, the voters of the District approved by more than the required 55% favorable vote the Measure A Bond Building Funds, authorizing the issuance of \$40,000,000 of general obligation bonds to repair, renovate, and upgrade aging school facilities, including technology, infrastructure, and other improvements; to construct, expand, furnish and equip school facilities, including acquisition of school sites, completion of new schools and construction of food service facilities; and to help qualify for matching State funds. Because the bond required only 55% of the vote in accordance with Proposition 39 (Article XIII of the California State Constitution), the District was required to establish a citizens' bond oversight committee and to conduct a financial and performance audit.

Upon passage of Proposition 39, an accompanying piece of legislation, AB 1908 (Chapter 44, Statutes of 2000), was also enacted, which amended the Education Code to establish additional procedures which must be followed if a District seeks approval of a bond measure pursuant to the 55% majority authorized in Measure A Bond Building Funds including formation, composition and purpose of the Citizens' Oversight Committee, and authorization for injunctive relief against the improper expenditure of bond revenues.

The Citizens' Oversight Committee was comprised of the following members as of June 30, 2017:

Report on the Financial Statements

We have audited the accompanying financial statements of the Measure A Bond Building Fund of Sylvan Union School District (the "District") as of and for the year ended June 30, 2017, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

In accordance with the requirements of Proposition 39, as incorporated in California Constitution Article 13A, we have issued our performance audit dated February 15, 2018, on our consideration of the District's compliance with the requirements of Proposition 39 as it directly relates to the Measure A Bond Building Fund. That report is an integral part of our audit of the Measure A Bond Building Fund of Sylvan Union School District, as of and for the year ended June 30, 2017, and should be considered in assessing the results of our financial audit.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Sylvan Union School District ("the District") was established in 1946 under the laws of the State of California. The District is currently operating ten elementary schools and three intermediate schools. All of the District's schools are located in Stanislaus County. The District is comprised of approximately 23 square miles. There were no changes to the District's boundaries during the current year.

On November 7, 2006, the voters of the District approved by more than the required 55% favorable vote the Measure A Bond Building Funds, authorizing the issuance of \$40,000,000 of general obligation bonds to repair, renovate, and upgrade aging school facilities, including technology, infrastructure, and other improvements; to construct, expand, furnish and equip school facilities, including acquisition of school sites, completion of new schools and construction of food service facilities; and to help qualify for matching State funds. Because the bond required only 55% of the vote in accordance with Proposition 39 (Article XIII of the California State Constitution), the District was required to establish a citizens' bond oversight committee and to conduct a financial and performance audit.

The Committee's oversight goals include ensuring expenditures are within the language of the ballot measure and advising the District's Governing Board on various projects. The citizens' oversight committee must include, among others, representation of a bona fide taxpayers association, a business organization, and a senior citizens organization. No District employees or vendors are allowed to serve on the citizens' oversight committee.

The fund financial statements are for the Measure A Bond Building Fund. Since this is just one component of the District, these financial statements are not intended to be a complete presentation of the District's financial position or results of operations. Accordingly, these fund statements do not include a government wide financial statement, management discussion and analysis or related organizational disclosures. The audited financial statements of Sylvan Union School District include the Measure A Bond Building Fund activities, related debt and disclosures as well as the management discussion and analysis.

An advisory committee to the District's Governing Board and Superintendent, the Measure A Citizens' Oversight Committee ("COC") was established pursuant to the requirements of state law and the provisions of Measure A. The purpose of the COC is to inform the public concerning the use of bond proceeds. The COC is required by state law to actively review and report on the proper expenditure of taxpayers' money for school construction. The COC provides oversight and advises the public as to whether the District is spending the Measure A Bond funds for school capital improvements within the scope of projects outlined in the Measure A Project List. In fulfilling its duties, the COC reviews, among other things, the District's annual performance and financial audits of Measure A activity.

The statements presented are for the individual Measure A Bond Building Fund of the District, consisting of the net construction proceeds of Measure A Series 2007 and 2010 general obligation bonds as issued by the District, through Stanislaus County, and are not intended to be a complete presentation of the District's financial position or results of operations.

MEASURE A BOND BUILDING FUND
SYLVAN UNION SCHOOL DISTRICT
Notes to the Financial Statements, continued
June 30, 2017

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Reporting Entity (continued)

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

B. Accounting Policies

The District accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board ("GASB") and the American Institute of Certified Public Accountants ("AICPA").

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

D. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid.

E. Deposits and Investments

In accordance with Education Code Sections 15357 and 41001, the District maintains its cash in the Stanislaus County Treasury. The county pools these funds with those of other districts in the county and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

SYLVAN UNION SCHOOL DISTRICT
Notes to the Financial Statements, continued

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

G. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all government funds. By state law, the District's Governing Board must adopt a budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's Governing Board satisfied these requirements.

These budgets are revised by the District's Governing Board during the year to give consideration to unanticipated income and expenditures. Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

H. Fund Balance

Under GASB Statement No. 54, fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The fund balance in Measure A Bond Building Fund is considered restricted.

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation.

NOTE 2 – CASH AND INVESTMENTS

Summary of Cash and Investments

Cash in County Treasury was \$0 at June 30, 2017.

NOTE 2 – CASH AND INVESTMENTS (continued)

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations. Investments of debt proceeds held by trustees are governed by the provisions of debt agreements rather than the general provisions of the California Government Code. These provisions allow for the acquisition of investment agreements with maturities up to 30 years.

Cash in County Treasury – The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Except for investments by trustees of debt proceeds, the authority to invest District funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. The table below identifies examples of the investment types permitted in the investment policy:

NOTE 2 – CASH AND INVESTMENTS (continued)

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are described below:

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury. As of June 30, 2017, the District's investments with the Stanislaus County Investment Pool was \$0.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investments in the County Treasury are not required to be rated. As of June 30, 2017, the pooled investments in the County Treasury were not rated.

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. District investments that are greater than 5 percent of total investments are in either an external investment pool or mutual funds and are therefore exempt.

Fair Value

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, either directly or indirectly.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonable available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

**MEASURE A BOND BUILDING FUND
SYLVAN UNION SCHOOL DISTRICT
Notes to the Financial Statements, continued
June 30, 2017**

NOTE 2 – CASH AND INVESTMENTS (continued)

Fair Value (continued)

Uncategorized - Investments in the Stanislaus County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

At June 30, 2017, the District's investments in uncategorized investments related to the Measure A Bond Building Fund's investments in the Stanislaus County Treasury was \$0.

NOTE 3 – MEASURE A GENERAL OBLIGATION BONDS

On May 10, 2007, the District issued Election of 2006 General Obligation Bonds, Series 2007 in the aggregate principal amount of \$22,000,000 for the purpose of repairing, renovating, and upgrading aging school facilities, including technology, infrastructure, and other improvements; to construct, expand, furnish and equip school facilities, including acquisition of school sites, completion of new schools and construction of food service facilities; and to help qualify for matching State funds. The Series 2007 General Obligation Bonds were fully refunded during the year ended June 30, 2017.

On June 3, 2010, the District issued Election of 2006 General Obligation Bonds, Series 2010 in the aggregate principal amount of \$11,996,169 to finance the acquisition, construction, improvement, furnishing and equipping of school facilities for the District. The bonds are payable from the proceeds of *ad valorem* property taxes which the Board of Supervisors of the Stanislaus County are obligated to levy and collect on all taxable property in the District for the payment of the accreted value or conversion value of and interest on the bonds. The bonds carry interest rates ranging from 3.14% to 6.66% and mature on August 1, 2049.

On August 16, 2016 the District issued 2016 General Obligation Refunding Bonds in the amount of \$17,315,000. Interest rates ranged from 2.00% to 5.00%, and the bonds mature through August 1, 2030. The net proceeds received for the bonds were used to purchase U.S. government securities. Those securities were deposited into an irrevocable trust with an escrow agent to provide for future debt service payments on the Election of 2006, Series 2007 General Obligation Bonds that were refunded. As a result, the refunded bonds are considered to be defeased, and the related liability for the bonds has been removed from the District's financial statements. Amounts paid to the refunded bond escrow agent in excess of the outstanding debt at the time of payment are recorded as deferred charges on refunding on the statement of net position and are amortized as an expense over the life of the bond. The refunding resulted in a net savings to the District of \$4,473,794 and a present value of net savings of \$3,865,751. As of June 30, 2017, the defeased general obligation bonds were all redeemed.

The bonded debt is paid through the *ad valorem* property taxes through the County of Stanislaus and the debt liability is carried on the Sylvan Union School District's Government Wide financial statements.

Independent Auditors' Report

Governing Board Members and
Measure A Citizens' Oversight Committee
Sylvan Union School District
Modesto, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Measure A Bond Building Fund of Sylvan Union School District (the "District"), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Sylvan Union School District's basic financial statements of the Measure A Bond Building Fund, and have issued our report thereon dated February 15, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Sylvan Union School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements of the Measure A Bond Building Fund, but not for the purpose of expressing an opinion on the effectiveness of Sylvan Union School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Sylvan Union School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Internal Control over Financial Reporting (continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sylvan Union School District's financial statements of the Measure A Bond Building Fund are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON PERFORMANCE

Independent Auditors' Report

Christy White, CPA

Michael D. Ash, CPA

John Whitehouse, CPA

Heather Daud Rubio

Governing Board Members and
Measure A Citizens' Oversight Committee
Sylvan Union School District

Report on Performance

We have audited Sylvan Union School District's compliance with the performance audit procedures described in the *2016-17 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, *California Code of Regulations*, section 19810, that could have a direct and material effect on Sylvan Union School District's Measure A Bond Building Fund for the fiscal year ended June 30, 2017, as identified below.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to local school construction bonds.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of Sylvan Union School District's Measure A Bond Building Fund based on our performance audit of the types of compliance requirements referred to above. We conducted our performance audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2016-17 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, *California Code of Regulations*, section 19810. Those standards require that we plan and perform the performance audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the local school construction bonds noted on the following page occurred. An audit includes examining, on a test basis, evidence about Sylvan Union School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our performance audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of Sylvan Union School District's compliance with those requirements.

SECTION I – FINANCIAL AUDIT PROCEDURES AND RESULTS

Financial Statements

As mentioned in the Report on Financial Statements, we have issued an unmodified opinion over the financial statements of the Measure A Bond Building Fund as of and for the fiscal year ended June 30, 2017.

Internal Control Evaluation

We tested internal controls over financial reporting and compliance with laws, regulations, or provisions of contracts or agreements and have determined through our inquiry of management and our evaluation of District processes that no significant deficiencies were noted.

SECTION II – PERFORMANCE AUDIT PROCEDURES AND RESULTS

Facility Project Expenditures

We selected a representative sample of expenditures charged to the Measure A Bond Building Fund and reviewed supporting documentation to ensure funds were properly expended on specific project(s) listed in the text of the Measure A ballot.

We tested approximately \$844,564 of non-personnel expenditures, or approximately 29% of total 2016-17 Measure A Bond Building Fund expenditures for validity, allowability and accuracy and concluded that the sampled expenditures were in compliance with the terms of Measure A ballot language, the District approved facilities plan, and applicable state laws and regulations.

Personnel Expenditures

Based on review of expenditure information, we noted that there were no salaries or benefits charged to the Measure A Bond Building Fund during the fiscal year ended June 30, 2017. Audit procedures over personnel expenditures was not applicable.

Facilities Site Walk

We verified that funds were generally expended for the construction, renovation, furnishing, and equipping of school facilities constituting authorized bond projects by review of supporting documentation as previously noted under Facility Project Expenditures but also through performance of a facilities site walk.

A facilities site walk was performed at Sylvan Elementary School. We toured the school site and physically observed the project completed during the fiscal year ended June 30, 2017. The project included upgraded HVAC units, new flooring and paint, furniture, and exterior fencing. Additionally, we observed walk areas, restrooms, sound system and electrical upgrades in compliance with ADA standards. Based on our site walk, the projects at Sylvan Elementary School appear to be successfully advancing as expected and funds appear expended for authorized bond projects.

Audit Procedures and Results, continued

SECTION II – PERFORMANCE AUDIT PROCEDURES AND RESULTS (continued)

Contract and Bid Procedures

We reviewed a listing of contracts awarded during the fiscal year ended June 30, 2017 and selected a sample to ensure that contracts for public projects followed appropriate bidding procedures per applicable Public Contract Code. Additionally, we reviewed overall expenditures by vendor in order to determine if multiple projects under the applicable bidding threshold were identified to suggest any possible bid-splitting.

Based on inquiry, we noted that there were no contracts for public projects during the fiscal year ended June 30, 2017. During our review of overall expenditures and projects by vendor, no instances or possible indications of bid-splitting were identified. The District appears to be properly reviewing projects and applying appropriate procedures over contract and bidding procedures.

Contracts and Change Orders

We reviewed a listing of contracts and change orders during the fiscal year ended June 30, 2017 and selected a sample to ensure that change orders were properly approved and in accordance with District policies. Additionally, cumulative change orders for any given contract were reviewed to ensure that total change orders did not exceed ten percent of the total original contract.

We reviewed one (1) change order for the Sylvan Elementary School Modernization Project and verified that the total of the change orders did not exceed ten percent of the total contract with Robert E. Boyer Construction. All change orders were properly reviewed and approved by management and the governing board in accordance with District policy.

Citizen Oversight Committee

In accordance with Assembly Bill (AB) 1908 and Education Code (Ed Code) Section 15278, the District is required to establish a bond oversight committee for Proposition 39 bonds to include one active member from each of the following sectors: a business organization, senior citizens organization, bona fide taxpayers' association, parent/guardian of a child enrolled in the District and a parent/guardian of a child enrolled in the District who is also a member of a parent teacher association. Additionally, no employee or official of the District shall be appointed to the citizens' oversight committee.

We found that the District successfully compiled a citizens' oversight committee with an active member from each of the required representations. No members of the citizens' oversight committee are also employees, official, vendor or consultant of the District. Refer to the Introduction and Citizens' Oversight Committee Member Listing for a listing of current members as of June 30, 2017.

Introduction

The Political Reform Act (Gov. Code Sections 81000-91014) requires most state and local government officials and employees to publicly disclose their personal assets and income. They also must disqualify themselves from participating in decisions that may affect their personal economic interests. The Fair Political Practices Commission (FPPC) is the state agency responsible for issuing the attached Statement of Economic Interests, Form 700, and for interpreting the law's provisions.

Gift Prohibition

Gifts received by most state and local officials, employees, and candidates are subject to a limit. During 2017 and 2018, the gift limit is \$470 from a single source during a calendar year.

In addition, state officials, state candidates, and certain state employees are subject to a \$10 limit per calendar month on gifts from lobbyists and lobbying firms registered with the Secretary of State. See Reference Pamphlet, page 10.

State and local officials and employees should check with their agency to determine if other restrictions apply.

Disqualification

Public officials are, under certain circumstances, required to disqualify themselves from making, participating in, or attempting to influence governmental decisions that will affect their economic interests. This may include interests they are not required to disclose (i.e., a personal residence is often not reportable, but may be disqualifying). Specific disqualification requirements apply to 87200 filers (e.g., city councilmembers, members of boards of supervisors, planning commissioners, etc.). These officials must publicly identify the economic interest that creates a conflict of interest and leave the room before a discussion or vote takes place at a public meeting. For more information, consult Government Code Section 87105, Regulation 18707, and the Guide to Recognizing Conflicts of Interest at www.fppc.ca.gov.

Honorarium Ban

Most state and local officials, employees, and candidates are prohibited from accepting an honorarium for any speech given, article published, or attendance at a conference, convention, meeting, or like gathering. See Reference Pamphlet, page 10.

Loan Restrictions

Certain state and local officials are subject to restrictions on loans. See Reference Pamphlet, page 14.

Post-Governmental Employment

There are restrictions on representing clients or employers before former agencies. The provisions apply to elected state officials, most state employees, local elected officials, county chief administrative officers, city managers, including the chief administrator of a city, and general managers or chief administrators of local special districts and JPAs. The FPPC website has fact sheets explaining the provisions.

Late Filing

The filing officer who retains originally-signed or electronically filed statements of economic interests may impose on an individual a fine for any statement that is filed late. The fine is \$10 per day up to a maximum of \$100. Late filing penalties may be reduced or waived under certain circumstances.

Persons who fail to timely file their Form 700 may be referred to the FPPC's Enforcement Division (and, in some cases, to the Attorney General or district attorney) for investigation and possible prosecution. In addition to the late filing penalties, a fine of up to \$5,000 per violation may be imposed.

For assistance concerning reporting, prohibitions, and restrictions under the Act:

- Email questions to advice@fppc.ca.gov.
- Call the FPPC toll-free at (866) 275-3772.

Form 700 is a Public Document Public Access Must Be Provided

Statements of Economic Interests are public documents. The filing officer must permit any member of the public to inspect and receive a copy of any statement.

- Statements must be available as soon as possible during the agency's regular business hours, but in any event not later than the second business day after the statement is received. Access to the Form 700 is not subject to the Public Records Act procedures.
- No conditions may be placed on persons seeking access to the forms.
- No information or identification may be required from persons seeking access.
- Reproduction fees of no more than 10 cents per page may be charged.

Types of Form 700 Filings

Assuming Office Statement:

If you are a newly appointed official or are newly employed in a position designated, or that will be designated, in a state or local agency's conflict of interest code, your assuming office date is the date you were sworn in or otherwise authorized to serve in the position. If you are a newly elected official, your assuming office date is the date you were sworn in.

- Investments, interests in real property, and business positions held on the date you assumed the office or position must be reported. In addition, income (including loans, gifts, and travel payments) received during the 12 months prior to the date you assumed the office or position is reportable.

For positions subject to confirmation by the State Senate or the Commission on Judicial Performance, your assuming office date is the date you were appointed or nominated to the position.

Example:

Maria Lopez was nominated by the Governor to serve on a state agency board that is subject to state Senate confirmation. The assuming office date is the date Maria's nomination is submitted to the Senate. Maria must report investments, interests in real property, and business positions she holds on that date, and income (including loans, gifts, and travel payments) received during the 12 months prior to that date.

If your office or position has been added to a newly adopted or newly amended conflict of interest code, use the effective date of the code or amendment, whichever is applicable.

- Investments, interests in real property, and business positions held on the effective date of the code or amendment must be reported. In addition, income (including loans, gifts, and travel payments) received during the 12 months prior to the effective date of the code or amendment is reportable.

Annual Statement:

Generally, the period covered is January 1, 2017, through December 31, 2017. If the period covered by the statement is different than January 1, 2017, through December 31, 2017, (for example, you assumed office between October 1, 2016, and December 31, 2016 or you are combining statements), you must specify the period covered.

- Investments, interests in real property, business positions held, and income (including loans, gifts, and travel payments) received during the period covered by the statement must be reported. Do not change the preprinted dates on Schedules A-1, A-2, and B unless you are required to report the acquisition or disposition of an interest that did not occur in 2017.

- If your disclosure category changes during a reporting period, disclose under the old category until the effective date of the conflict of interest code amendment and disclose under the new disclosure category through the end of the reporting period.

Leaving Office Statement:

Generally, the period covered is January 1, 2017, through the date you stopped performing the duties of your position. If the period covered differs from January 1, 2017, through the date you stopped performing the duties of your position (for example, you assumed office between October 1, 2016, and December 31, 2016, or you are combining statements), the period covered must be specified. The reporting period can cover parts of two calendar years.

- Investments, interests in real property, business positions held, and income (including loans, gifts, and travel payments) received during the period covered by the statement must be reported. Do not change the preprinted dates on Schedules A-1, A-2, and B unless you are required to report the acquisition or disposition of an interest that did not occur in 2017.

Candidate Statement:

If you are filing a statement in connection with your candidacy for state or local office, investments, interests in real property, and business positions held on the date of filing your declaration of candidacy must be reported. In addition, income (including loans, gifts, and travel payments) received during the 12 months prior to the date of filing your declaration of candidacy is reportable. Do not change the preprinted dates on Schedules A-1, A-2, and B.

Candidates running for local elective offices (e.g., county sheriffs, city clerks, school board trustees, or water district board members) must file candidate statements, as required by the conflict of interest code for the elected position. The code may be obtained from the agency of the elected position.

Amendments:

If you discover errors or omissions on any statement, file an amendment as soon as possible. You are only required to amend the schedule that needs to be revised; it is not necessary to refile the entire form. Obtain amendment schedules from the FPPC website at www.fppc.ca.gov.

Instructions Cover Page

Enter your name, mailing address, and daytime telephone number in the spaces provided. **Because the Form 700 is a public document, you may list your business/office address instead of your home address.**

Part 1. Office, Agency, or Court

- Enter the name of the office sought or held, or the agency or court. Consultants must enter the public agency name rather than their private firm's name. (Examples: State Assembly; Board of Supervisors; Office of the Mayor; Department of Finance; Hope County Superior Court)
- Indicate the name of your division, board, or district, if applicable. (Examples: Division of Waste Management; Board of Accountancy; District 45). **Do not use acronyms.**
- Enter your position title. (Examples: Director; Chief Counsel; City Council Member; Staff Services Analyst)
- If you hold multiple positions (i.e., a city council member who also is a member of a county board or commission), you may be required to file statements with each agency. To simplify your filing obligations, you may complete an expanded statement.
- To do this, enter the name of the other agency(ies) with which you are required to file and your position title(s) in the space provided. **Do not use acronyms.** Attach an additional sheet if necessary. Complete one statement covering the disclosure requirements for all positions. Each copy must contain an original signature. Therefore, before signing the statement, make a copy for each agency. Sign each copy with an original signature and file with each agency.

If you assume or leave a position after a filing deadline, you must complete a separate statement. For example, a city council member who assumes a position with a county special district after the April 1 annual filing deadline must file a separate assuming office statement. In subsequent years, the city council member may expand his or her annual filing to include both positions.

Example:

Scott Baker is a city council member for the City of Lincoln and a board member for the Camp Far West Irrigation District – a multi-county agency that covers Placer and Yuba counties. Scott will complete one Form 700 using full disclosure (as required for the city position) and covering interests in both Placer and Yuba counties (as required for the multi-county position) and list both positions on the Cover Page. Before signing the statement, Scott will make a copy and sign both statements. One statement will be filed with City of Lincoln and the other will be filed with Camp Far West Irrigation District. Both will contain an original signature.

Part 2. Jurisdiction of Office

- Check the box indicating the jurisdiction of your agency and, if applicable, identify the jurisdiction. Judges, judicial candidates, and court commissioners have statewide jurisdiction. All other filers should review the Reference Pamphlet, page 13, to determine their jurisdiction.
- If your agency is a multi-county office, list each county in which your agency has jurisdiction.

- If your agency is not a state office, court, county office, city office, or multi-county office (e.g., school districts, special districts and JPAs), check the "other" box and enter the county or city in which the agency has jurisdiction.

Example:

This filer is a member of a water district board with jurisdiction in portions of Yuba and Sutter Counties.

Part 3. Type of Statement

Check at least one box. The period covered by a statement is determined by the type of statement you are filing. If you are completing a 2017 annual statement, **do not** change the pre-printed dates to reflect 2018. Your annual statement is used for reporting the **previous year's** economic interests. Economic interests for your annual filing covering January 1, 2018, through December 31, 2018, will be disclosed on your statement filed in 2019. See Reference Pamphlet, page 4.

Combining Statements: Certain types of statements may be combined. For example, if you leave office after January 1, but before the deadline for filing your annual statement, you may combine your annual and leaving office statements. File by the earliest deadline. Consult your filing officer or the FPCC.

Part 4. Schedule Summary

- Complete the Schedule Summary after you have reviewed each schedule to determine if you have reportable interests.
- Enter the total number of completed pages including the cover page and either check the box for each schedule you use to disclose interests; **or** if you have nothing to disclose on any schedule, check the "No reportable interests" box. Please **do not** attach any blank schedules.

Part 5. Verification

Complete the verification by signing the statement and entering the date signed. All statements must have an original "wet" signature or be duly authorized by your filing officer to file electronically under Government Code Section 87500.2. Instructions, examples, FAQs, and a reference pamphlet are available to help answer your questions. **When you sign your statement, you are stating, under penalty of perjury, that it is true and correct.** Only the filer has authority to sign the statement. An unsigned statement is not considered filed and you may be subject to late filing penalties.

Questions and Answers

General

- Q. What is the reporting period for disclosing interests on an assuming office statement or a candidate statement?
- A. On an assuming office statement, disclose all reportable investments, interests in real property, and business positions held on the date you assumed office. In addition, you must disclose income (including loans, gifts and travel payments) received during the 12 months prior to the date you assumed office.

On a candidate statement, disclose all reportable investments, interests in real property, and business positions held on the date you file your declaration of candidacy. You must also disclose income (including loans, gifts and travel payments) received during the 12 months prior to the date you file your declaration of candidacy.

- Q. I hold two other board positions in addition to my position with the county. Must I file three statements of economic interests?
- A. Yes, three are required. However, you may complete one statement listing the county and the two boards on the Cover Page or an attachment as the agencies for which you will be filing. Report your economic interests using the largest jurisdiction and highest disclosure requirements assigned to you by the three agencies. Make two copies of the entire statement before signing it, sign each copy with an original signature, and distribute one original to the county and to each of the two boards. Remember to complete separate statements for positions that you leave or assume during the year.
- Q. I am a department head who recently began acting as city manager. Should I file as the city manager?
- A. Yes. File an assuming office statement as city manager. Persons serving as "acting," "interim," or "alternate" must file as if they hold the position because they are or may be performing the duties of the position.
- Q. As a designated employee, I left one state agency to work for another state agency. Must I file a leaving office statement?
- A. Yes. You may also need to file an assuming office statement for the new agency.

- Q. My spouse and I are currently separated and in the process of obtaining a divorce. Must I still report my spouse's income, investments, and interests in real property?
- A. Yes. A public official must continue to report a spouse's economic interests until such time as dissolution of marriage proceedings is final. However, if a separate property agreement has been reached prior to that time, your estranged spouse's income may not have to be reported. Contact the FPPC for more information.

Investment Disclosure

- Q. I have an investment interest in shares of stock in a company that does not have an office in my jurisdiction. Must I still disclose my investment interest in this company?
- A. Probably. The definition of "doing business in the jurisdiction" is not limited to whether the business has an office or physical location in your jurisdiction. See Reference Pamphlet, page 13.
- Q. My spouse and I have a living trust. The trust holds rental property in my jurisdiction, our primary residence, and investments in diversified mutual funds. I have full disclosure. How is this trust disclosed?
- A. Disclose the name of the trust, the rental property and its income on Schedule A-2. Your primary residence and investments in diversified mutual funds registered with the SEC are not reportable.
- Q. I am required to report all investments. I have an IRA that contains stocks through an account managed by a brokerage firm. Must I disclose these stocks even though they are held in an IRA and I did not decide which stocks to purchase?
- A. Yes. Disclose on Schedule A-1 or A-2 any stock worth \$2,000 or more in a business entity located in or doing business in your jurisdiction.

Questions and Answers Continued

Q. I am the sole owner of my business, an S-Corporation. I believe that the nature of the business is such that it cannot be said to have any "fair market value" because it has no assets. I operate the corporation under an agreement with a large insurance company. My contract does not have resale value because of its nature as a personal services contract. Must I report the fair market value for my business on Schedule A-2 of the Form 700?

A. Yes. Even if there are no *tangible* assets, intangible assets, such as relationships with companies and clients are commonly sold to qualified professionals. The "fair market value" is often quantified for other purposes, such as marital dissolutions or estate planning. In addition, the IRS presumes that "personal services corporations" have a fair market value. A professional "book of business" and the associated goodwill that generates income are not without a determinable value. The Form 700 does not require a precise fair market value; it is only necessary to check a box indicating the broad range within which the value falls.

Q. I own stock in IBM and must report this investment on Schedule A-1. I initially purchased this stock in the early 1990s; however, I am constantly buying and selling shares. Must I note these dates in the "Acquired" and "Disposed" fields?

A. No. You must only report dates in the "Acquired" or "Disposed" fields when, during the reporting period, you initially purchase a reportable investment worth \$2,000 or more or when you dispose of the entire investment. You are not required to track the partial trading of an investment.

Q. On last year's filing I reported stock in Encoe valued at \$2,000 - \$10,000. Late last year the value of this stock fell below and remains at less than \$2,000. How should this be reported on this year's statement?

A. You are not required to report an investment if the value was less than \$2,000 during the **entire** reporting period. However, because a disposed date is not required for stocks that fall below \$2,000, you may want to report the stock and note in the "comments" section that the value fell below \$2,000. This would be for informational purposes only; it is not a requirement.

Q. We have a Section 529 account set up to save money for our son's college education. Is this reportable?

A. If the Section 529 account contains reportable interests (e.g., common stock valued at \$2,000 or more), those interests are reportable (not the actual Section 529 account). If the account contains solely mutual funds, then nothing is reported.

Income Disclosure

Q. I reported a business entity on Schedule A-2. Clients of my business are located in several states. Must I report all clients from whom my pro rata share of income is \$10,000 or more on Schedule A-2, Part 3?

A. No, only the clients located in or doing business on a regular basis in your jurisdiction must be disclosed.

Q. I believe I am not required to disclose the names of clients from whom my pro rata share of income is \$10,000 or more on Schedule A-2 because of their right to privacy. Is there an exception for reporting clients' names?

A. Regulation 18740 provides a procedure for requesting an exemption to allow a client's name not to be disclosed if disclosure of the name would violate a legally recognized privilege under California or Federal law. This regulation may be obtained from our website at www.fppc.ca.gov. See Reference Pamphlet, page 14.

Q. I am sole owner of a private law practice that is not reportable based on my limited disclosure category. However, some of the sources of income to my law practice are from reportable sources. Do I have to disclose this income?

A. Yes, even though the law practice is not reportable, reportable sources of income to the law practice of \$10,000 or more must be disclosed. This information would be disclosed on Schedule C with a note in the "comments" section indicating that the business entity is not a reportable investment. The note would be for informational purposes only; it is not a requirement.

Questions and Answers Continued

Q. I am the sole owner of my business. Where do I disclose my income - on Schedule A-2 or Schedule C?

A. Sources of income to a business in which you have an ownership interest of 10% or greater are disclosed on Schedule A-2. See Reference Pamphlet, page 8, for the definition of "business entity."

Q. My husband is a partner in a four-person firm where all of his business is based on his own billings and collections from various clients. How do I report my community property interest in this business and the income generated in this manner?

A. If your husband's investment in the firm is 10% or greater, disclose 100% of his share of the business on Schedule A-2, Part 1 and 50% of his income on Schedule A-2, Parts 2 and 3. For example, a client of your husband's must be a source of at least \$20,000 during the reporting period before the client's name is reported.

Q. How do I disclose my spouse's or registered domestic partner's salary?

A. Report the name of the employer as a source of income on Schedule C.

Q. I am a doctor. For purposes of reporting \$10,000 sources of income on Schedule A-2, Part 3, are the patients or their insurance carriers considered sources of income?

A. If your patients exercise sufficient control by selecting you instead of other doctors, then your patients, rather than their insurance carriers, are sources of income to you. See Reference Pamphlet, page 14, for additional information.

Q. I received a loan from my grandfather to purchase my home. Is this loan reportable?

A. No. Loans received from family members are not reportable.

Q. Many years ago, I loaned my parents several thousand dollars, which they paid back this year. Do I need to report this loan repayment on my Form 700?

A. No. Payments received on a loan made to a family member are not reportable.

Real Property Disclosure

Q. During this reporting period we switched our principal place of residence into a rental. I have full disclosure and the property is located in my agency's jurisdiction, so it is now reportable. Because I have not reported this property before, do I need to show an "acquired" date?

A. No, you are not required to show an "acquired" date because you previously owned the property. However, you may want to note in the "comments" section that the property was not previously reported because it was used exclusively as your residence. This would be for informational purposes only; it is not a requirement.

Q. I am a city manager, and I own a rental property located in an adjacent city, but one mile from the city limit. Do I need to report this property interest?

A. Yes. You are required to report this property because it is located within 2 miles of the boundaries of the city you manage.

Q. Must I report a home that I own as a personal residence for my daughter?

A. You are not required to disclose a home used as a personal residence for a family member unless you receive income from it, such as rental income.

Q. I am a co-signer on a loan for a rental property owned by a friend. Since I am listed on the deed of trust, do I need to report my friend's property as an interest in real property on my Form 700?

A. No. Simply being a co-signer on a loan for property does not create a reportable interest in real property for you.

Gift Disclosure

Q. If I received a reportable gift of two tickets to a concert valued at \$100 each, but gave the tickets to a friend because I could not attend the concert, do I have any reporting obligations?

A. Yes. Since you accepted the gift and exercised discretion and control of the use of the tickets, you must disclose the gift on Schedule D.

Questions and Answers Continued

- Q. Mary and Joe Benson, a married couple, want to give a piece of artwork to a county supervisor. Is each spouse considered a separate source for purposes of the gift limit and disclosure?
- A. Yes, each spouse may make a gift valued at the gift limit during a calendar year. For example, during 2017 the gift limit was \$470, so the Bensons may have given the supervisor artwork valued at no more than \$940. The supervisor must identify Joe and Mary Benson as the sources of the gift.
- Q. I received free admission to an educational conference related to my official duties. Part of the conference fees included a round of golf. Is the value of the golf considered informational material?
- A. No. The value of personal benefits, such as golf, attendance at a concert, or sporting event, are gifts subject to reporting and limits.
- Q. I am a Form 700 filer with full disclosure. Our agency holds a holiday raffle to raise funds for a local charity. I bought \$10 worth of raffle tickets and won a gift basket valued at \$120. The gift basket was donated by Doug Brewer, a citizen in our city. At the same event, I bought raffle tickets for, and won a quilt valued at \$70. The quilt was donated by a coworker. Are these reportable gifts?
- A. Because the gift basket was donated by an outside source (not an agency employee), you have received a reportable gift valued at \$110 (the value of the basket less the consideration paid). The source of the gift is Doug Brewer and the agency is disclosed as the intermediary. Because the quilt was donated by an employee of your agency, it is not a reportable gift.
- Q. My agency is responsible for disbursing grants. An applicant (501(c)(3) organization) met with agency employees to present its application. At this meeting, the applicant provided food and beverages. Would the food and beverages be considered gifts to the employees? These employees are designated in our agency's conflict of interest code and the applicant is a reportable source of income under the code.
- A. Yes. If the value of the food and beverages consumed by any one filer, plus any other gifts received from the same source during the reporting period total \$50 or more, the food and beverages would be reported using the fair market value and would be subject to the gift limit.

Instructions – Schedules A-1 and A-2 Investments

"Investment" means a financial interest in any business entity (including a consulting business or other independent contracting business) that is located in, doing business in, planning to do business in, or that has done business during the previous two years in your agency's jurisdiction in which you, your spouse or registered domestic partner, or your dependent children had a direct, indirect, or beneficial interest totaling \$2,000 or more at any time during the reporting period. See Reference Pamphlet, page 13.

Reportable investments include:

- Stocks, bonds, warrants, and options, including those held in margin or brokerage accounts and managed investment funds (See Reference Pamphlet, page 13.)
- Sole proprietorships
- Your own business or your spouse's or registered domestic partner's business (See Reference Pamphlet, page 8, for the definition of "business entity.")
- Your spouse's or registered domestic partner's investments even if they are legally separate property
- Partnerships (e.g., a law firm or family farm)
- Investments in reportable business entities held in a retirement account (See Reference Pamphlet, page 15.)
- If you, your spouse or registered domestic partner, and dependent children together had a 10% or greater ownership interest in a business entity or trust (including a living trust), you must disclose investments held by the business entity or trust. See Reference Pamphlet, page 15, for more information on disclosing trusts.
- Business trusts

You are not required to disclose:

- Government bonds, diversified mutual funds, certain funds similar to diversified mutual funds (such as exchange traded funds) and investments held in certain retirement accounts. See Reference Pamphlet, page 13, for detailed information. (Regulation 18237)
- Bank accounts, savings accounts, money market accounts and certificates of deposits
- Insurance policies
- Annuities
- Commodities
- Shares in a credit union
- Government bonds (including municipal bonds)
- Retirement accounts invested in non-reportable interests (e.g., insurance policies, mutual funds, or government bonds) (See Reference Pamphlet, page 15.)

- Government defined-benefit pension plans (such as CalPERS and CalSTRS plans)
- Certain interests held in a blind trust (See Reference Pamphlet, page 16.)

Use Schedule A-1 to report ownership of less than 10% (e.g., stock). Schedule C (Income) may also be required if the investment is not a stock or corporate bond. See second example below.

Use Schedule A-2 to report ownership of 10% or greater (e.g., a sole proprietorship).

To Complete Schedule A-1:

Do not attach brokerage or financial statements.

- Disclose the name of the business entity.
- Provide a general description of the business activity of the entity (e.g., pharmaceuticals, computers, automobile manufacturing, or communications).
- Check the box indicating the highest fair market value of your investment during the reporting period. If you are filing a candidate or an assuming office statement, indicate the fair market value on the filing date or the date you took office, respectively.
- Identify the nature of your investment (e.g., stocks, warrants, options, or bonds).
- An acquired or disposed of date is only required if you initially acquired or entirely disposed of the investment interest during the reporting period. The date of a stock dividend reinvestment or partial disposal is not required. Generally, these dates will not apply if you are filing a candidate or an assuming office statement.

Examples:

John Smith holds a state agency position. His conflict of interest code requires full disclosure of investments. John must disclose his stock holdings of \$2,000 or more in any company that is located in or does business in California, as well as those stocks held by his spouse or registered domestic partner and dependent children.

Susan Jones is a city council member. She has a 4% interest, worth \$5,000, in a limited partnership located in the city. Susan must disclose the partnership on Schedule A-1 and income of \$500 or more received from the partnership on Schedule C.

Reminders

- Do you know your agency's jurisdiction?
- Did you hold investments at any time during the period covered by this statement?
- Code filers – your disclosure categories may only require disclosure of specific investments.

Instructions – Schedule A-2

Investments, Income, and Assets of Business Entities/Trusts

Use Schedule A-2 to report investments in a business entity (including a consulting business or other independent contracting business) or trust (including a living trust) in which you, your spouse or registered domestic partner, and your dependent children, together or separately, had a 10% or greater interest, totaling \$2,000 or more, during the reporting period and which is located in, doing business in, planning to do business in, or which has done business during the previous two years in your agency's jurisdiction. See Reference Pamphlet, page 13. A trust located outside your agency's jurisdiction is reportable if it holds assets that are located in or doing business in the jurisdiction. Do not report a trust that contains non-reportable interests. For example, a trust containing only your personal residence not used in whole or in part as a business, your savings account, and some municipal bonds, is not reportable.

Also report on Schedule A-2 investments and real property held by that entity or trust if your pro rata share of the investment or real property interest was \$2,000 or more during the reporting period.

To Complete Schedule A-2:

Part 1. Disclose the name and address of the business entity or trust. If you are reporting an interest in a business entity, check "Business Entity" and complete the box as follows:

- Provide a general description of the business activity of the entity.
- Check the box indicating the highest fair market value of your investment during the reporting period.
- If you initially acquired or entirely disposed of this interest during the reporting period, enter the date acquired or disposed.
- Identify the nature of your investment.
- Disclose the job title or business position you held with the entity, if any (i.e., if you were a director, officer, partner, trustee, employee, or held any position of management). A business position held by your spouse is not reportable.

Part 2. Check the box indicating **your pro rata** share of the **gross** income received **by** the business entity or trust. This amount includes your pro rata share of the **gross** income **from** the business entity or trust, as well as your community property interest in your spouse's or registered domestic partner's share. Gross income is the total amount of income before deducting expenses, losses, or taxes.

Part 3. Disclose the name of each source of income that is located in, doing business in, planning to do business in, or that has done business during the previous two years in your agency's jurisdiction, as follows:

- Disclose each source of income and outstanding loan **to the business entity or trust** identified in Part 1 if your pro rata share of the **gross** income (including your community property interest in your spouse's or registered domestic partner's share) to the business entity or trust from that source was \$10,000 or more during the reporting

period. See Reference Pamphlet, page 11, for examples. Income from governmental sources may be reportable if not considered salary. See Regulation 18232. Loans from commercial lending institutions made in the lender's regular course of business on terms available to members of the public without regard to your official status are not reportable.

- Disclose each individual or entity that was a source of commission income of \$10,000 or more during the reporting period through the business entity identified in Part 1. See Reference Pamphlet, page 8, for an explanation of commission income.

You may be required to disclose sources of income located outside your jurisdiction. For example, you may have a client who resides outside your jurisdiction who does business on a regular basis with you. Such a client, if a reportable source of \$10,000 or more, must be disclosed.

Mark "None" if you do not have any reportable \$10,000 sources of income to disclose. Using phrases such as "various clients" or "not disclosing sources pursuant to attorney-client privilege" may trigger a request for an amendment to your statement. See Reference Pamphlet, page 14, for details about requesting an exemption from disclosing privileged information.

Part 4. Report any investments or interests in real property held or leased **by the entity or trust** identified in Part 1 if your pro rata share of the interest held was \$2,000 or more during the reporting period. Attach additional schedules or use FPPC's Form 700 Excel spreadsheet if needed.

- Check the applicable box identifying the interest held as real property or an investment.
- If investment, provide the name and description of the business entity.
- If real property, report the precise location (e.g., an assessor's parcel number or address).
- Check the box indicating the highest fair market value of your interest in the real property or investment during the reporting period. (Report the fair market value of the portion of your residence claimed as a tax deduction if you are utilizing your residence for business purposes.)
- Identify the nature of your interest.
- Enter the date acquired or disposed only if you initially acquired or entirely disposed of your interest in the property or investment during the reporting period.

Instructions – Schedule B Interests in Real Property

Report interests in real property located in your agency's jurisdiction in which you, your spouse or registered domestic partner, or your dependent children had a direct, indirect, or beneficial interest totaling \$2,000 or more any time during the reporting period. Real property is also considered to be "within the jurisdiction" of a local government agency if the property or any part of it is located within two miles outside the boundaries of the jurisdiction or within two miles of any land owned or used by the local government agency. See Reference Pamphlet, page 13.

Interests in real property include:

- An ownership interest (including a beneficial ownership interest)
- A deed of trust, easement, or option to acquire property
- A leasehold interest (See Reference Pamphlet, page 14.)
- A mining lease
- An interest in real property held in a retirement account (See Reference Pamphlet, page 15.)
- An interest in real property held by a business entity or trust in which you, your spouse or registered domestic partner, and your dependent children together had a 10% or greater ownership interest (Report on Schedule A-2.)
- Your spouse's or registered domestic partner's interests in real property that are legally held separately by him or her

You are not required to report:

- A residence, such as a home or vacation cabin, used exclusively as a personal residence (However, a residence in which you rent out a room or for which you claim a business deduction may be reportable. If reportable, report the fair market value of the portion claimed as a tax deduction.)

Please note: A non-reportable residence can still be grounds for a conflict of interest and may be disqualifying.

- Interests in real property held through a blind trust (See Reference Pamphlet, page 16, for exceptions.)

To Complete Schedule B:

- Report the precise location (e.g., an assessor's parcel number or address) of the real property.
- Check the box indicating the fair market value of your interest in the property (regardless of what you owe on the property).
- Enter the date acquired or disposed only if you initially acquired or entirely disposed of your interest in the property during the reporting period.
- Identify the nature of your interest. If it is a leasehold, disclose the number of years remaining on the lease.

Reminders

- Income and loans already reported on Schedule B are not also required to be reported on Schedule C.
- Real property already reported on Schedule A-2, Part 4 is not also required to be reported on Schedule B.
- Code filers – do your disclosure categories require disclosure of real property?

- If you received rental income, check the box indicating the gross amount you received.
- If you had a 10% or greater interest in real property and received rental income, list the name of the source(s) if your pro rata share of the gross income from any single tenant was \$10,000 or more during the reporting period. If you received a total of \$10,000 or more from two or more tenants acting in concert (in most cases, this will apply to married couples), disclose the name of each tenant. Otherwise, mark "None."
- Loans from a private lender that total \$500 or more and are secured by real property may be reportable. **Loans from commercial lending institutions made in the lender's regular course of business on terms available to members of the public without regard to your official status are not reportable.**

When reporting a loan:

- Provide the name and address of the lender.
- Describe the lender's business activity.
- Disclose the interest rate and term of the loan. For variable interest rate loans, disclose the conditions of the loan (e.g., Prime + 2) or the average interest rate paid during the reporting period. The term of a loan is the total number of months or years given for repayment of the loan at the time the loan was established.
- Check the box indicating the highest balance of the loan during the reporting period.
- Identify a guarantor, if applicable.

If you have more than one reportable loan on a single piece of real property, report the additional loan(s) on Schedule C.

Example:

Joe Nelson is a city planning commissioner. Joe received rental income of \$12,000 during the reporting period from a single tenant who rented property Joe owned in the city's jurisdiction. If Joe had received the \$12,000 from two or more tenants, the tenants' names would not be required as long as no single tenant paid \$10,000 or more. A married couple would be considered a single tenant.

Instructions – Schedule C

Income, Loans, & Business Positions

(Income Other Than Gifts and Travel Payments)

Reporting Income:

Report the source and amount of gross income of \$500 or more you received during the reporting period. Gross income is the total amount of income before deducting expenses, losses, or taxes and includes loans other than loans from a commercial lending institution. See Reference Pamphlet, page 11. You must also report the source of income to your spouse or registered domestic partner if your community property share was \$500 or more during the reporting period.

The source and income must be reported only if the source is located in, doing business in, planning to do business in, or has done business during the previous two years in your agency's jurisdiction. See Reference Pamphlet, page 13, for more information about doing business in the jurisdiction. Reportable sources of income may be further limited by your disclosure category located in your agency's conflict of interest code.

Reporting Business Positions:

You must report your job title with each reportable business entity even if you received no income during the reporting period. Use the comments section to indicate that no income was received.

Commonly reportable income and loans include:

- Salary/wages, per diem, and reimbursement for expenses including travel payments provided by your employer
- Community property interest (50%) in your spouse's or registered domestic partner's income - **report the employer's name and all other required information**
- Income from investment interests, such as partnerships, reported on Schedule A-1
- Commission income not required to be reported on Schedule A-2 (See Reference Pamphlet, page 8.)
- Gross income from any sale, including the sale of a house or car (Report your pro rata share of the total sale price.)
- Rental income not required to be reported on Schedule B
- Prizes or awards not disclosed as gifts
- Payments received on loans you made to others
- An honorarium received prior to becoming a public official (See Reference Pamphlet, page 10, concerning your ability to receive future honoraria.)
- Incentive compensation (See Reference Pamphlet, page 12.)

Reminders

- Code filers – your disclosure categories may not require disclosure of all sources of income.
- If you or your spouse or registered domestic partner are self-employed, report the business entity on Schedule A-2.
- Do not disclose on Schedule C income, loans, or business positions already reported on Schedules A-2 or B.

You are not required to report:

- Salary, reimbursement for expenses or per diem, or social security, disability, or other similar benefit payments received by you or your spouse or registered domestic partner from a federal, state, or local government agency.
- Stock dividends and income from the sale of stock unless the source can be identified.
- Income from a PERS retirement account.

See Reference Pamphlet, page 11, for more exceptions to income reporting.

To Complete Schedule C:

Part 1. Income Received/Business Position Disclosure

- Disclose the name and address of each source of income or each business entity with which you held a business position.
- Provide a general description of the business activity if the source is a business entity.
- Check the box indicating the amount of gross income received.
- Identify the consideration for which the income was received.
- For income from commission sales, check the box indicating the gross income received and list the name of each source of commission income of \$10,000 or more. See Reference Pamphlet, page 8. **Note: If you receive commission income on a regular basis or have an ownership interest of 10% or more, you must disclose the business entity and the income on Schedule A-2.**
- Disclose the job title or business position, if any, that you held with the business entity, even if you did not receive income during the reporting period.

Part 2. Loans Received or Outstanding During the Reporting Period

- Provide the name and address of the lender.
- Provide a general description of the business activity if the lender is a business entity.
- Check the box indicating the highest balance of the loan during the reporting period.
- Disclose the interest rate and the term of the loan.
 - For variable interest rate loans, disclose the conditions of the loan (e.g., Prime + 2) or the average interest rate paid during the reporting period.
 - The term of the loan is the total number of months or years given for repayment of the loan at the time the loan was entered into.
- Identify the security, if any, for the loan.

Instructions – Schedule D

Income – Gifts

A gift is anything of value for which you have not provided equal or greater consideration to the donor. A gift is reportable if its fair market value is \$50 or more. In addition, multiple gifts totaling \$50 or more received during the reporting period from a single source must be reported.

It is the acceptance of a gift, not the ultimate use to which it is put, that imposes your reporting obligation. Except as noted below, you must report a gift even if you never used it or if you gave it away to another person.

If the exact amount of a gift is unknown, you must make a good faith estimate of the item's fair market value. Listing the value of a gift as "over \$50" or "value unknown" is not adequate disclosure. In addition, if you received a gift through an intermediary, you must disclose the name, address, and business activity of both the donor and the intermediary. You may indicate an intermediary either in the "source" field after the name or in the "comments" section at the bottom of Schedule D.

Commonly reportable gifts include:

- Tickets/passes to sporting or entertainment events
- Tickets/passes to amusement parks
- Parking passes not used for official agency business
- Food, beverages, and accommodations, including those provided in direct connection with your attendance at a convention, conference, meeting, social event, meal, or like gathering
- Rebates/discounts not made in the regular course of business to members of the public without regard to official status
- Wedding gifts (See Reference Pamphlet, page 16)
- An honorarium received prior to assuming office (You may report an honorarium as income on Schedule C, rather than as a gift on Schedule D, if you provided services of equal or greater value than the payment received. See Reference Pamphlet, page 10, regarding your ability to receive future honoraria.)
- Transportation and lodging (See Schedule E.)
- Forgiveness of a loan received by you

You are **not** required to disclose:

- Gifts that were not used and that, within 30 days after receipt, were returned to the donor or delivered to a charitable organization or government agency without

being claimed by you as a charitable contribution for tax purposes

- Gifts from your spouse or registered domestic partner, child, parent, grandparent, grandchild, brother, sister, and certain other family members (See Regulation 18942 for a complete list.). The exception does not apply if the donor was acting as an agent or intermediary for a reportable source who was the true donor.
- Gifts of similar value exchanged between you and an individual, other than a lobbyist registered to lobby your state agency, on holidays, birthdays, or similar occasions
- Gifts of informational material provided to assist you in the performance of your official duties (e.g., books, pamphlets, reports, calendars, periodicals, or educational seminars)
- A monetary bequest or inheritance (However, inherited investments or real property may be reportable on other schedules.)
- Personalized plaques or trophies with an individual value of less than \$250
- Campaign contributions
- Up to two tickets, for your own use, to attend a fundraiser for a campaign committee or candidate, or to a fundraiser for an organization exempt from taxation under Section 501(c)(3) of the Internal Revenue Code. The ticket must be received from the organization or committee holding the fundraiser.
- Gifts given to members of your immediate family if the source has an established relationship with the family member and there is no evidence to suggest the donor had a purpose to influence you. (See Regulation 18943.)
- Free admission, food, and nominal items (such as a pen, pencil, mouse pad, note pad or similar item) available to all attendees, at the event at which the official makes a speech (as defined in Regulation 18950(b)(2)), so long as the admission is provided by the person who organizes the event.
- Any other payment not identified above, that would otherwise meet the definition of gift, where the payment is made by an individual who is not a lobbyist registered to lobby the official's state agency, where it is clear that the gift was made because of an existing personal or business relationship unrelated to the official's position and there is no evidence whatsoever at the time the gift is made to suggest the donor had a purpose to influence you.

To Complete Schedule D:

- Disclose the full name (not an acronym), address, and, if a business entity, the business activity of the source.
- Provide the date (month, day, and year) of receipt, and disclose the fair market value and description of the gift.

Reminders

- Gifts from a single source are subject to a \$470 limit during 2017. See Reference Pamphlet, page 10.
- Code filers – you only need to report gifts from reportable sources.

Gift Tracking Mobile Application

- FPPC has created a gift tracking app for mobile devices that helps filers track gifts and provides a quick and easy way to upload the information to the Form 700. Visit FPPC's website to download the app.

Instructions – Schedule E Travel Payments, Advances, and Reimbursements

Travel payments reportable on Schedule E include advances and reimbursements for travel and related expenses, including lodging and meals.

Gifts of travel may be subject to the gift limit. In addition, certain travel payments are reportable gifts, but are not subject to the gift limit. To avoid possible misinterpretation or the perception that you have received a gift in excess of the gift limit, you may wish to provide a specific description of the purpose of your travel. See the FPPC fact sheet entitled "Limitations and Restrictions on Gifts, Honoraria, Travel, and Loans" at www.fppc.ca.gov.

You are not required to disclose:

- Travel payments received from any state, local, or federal government agency for which you provided services equal or greater in value than the payments received, such as reimbursement for travel on agency business from your government agency employer.
- A payment for travel from another local, state, or federal government agency and related per diem expenses when the travel is for education, training or other inter-agency programs or purposes.
- Travel payments received from your employer in the normal course of your employment that are included in the income reported on Schedule C.
- A travel payment that was received from a non-profit entity exempt from taxation under Internal Revenue Code Section 501(c)(3) for which you provided equal or greater consideration, such as reimbursement for travel on business for a 501(c)(3) organization for which you are a board member.

Note: Certain travel payments may not be reportable if reported on Form 801 by your agency.

To Complete Schedule E:

- Disclose the full name (not an acronym) and address of the source of the travel payment.
- Identify the business activity if the source is a business entity.
- Check the box to identify the payment as a gift or income, report the amount, and disclose the date(s).
 - **Travel payments are gifts** if you did not provide services that were equal to or greater in value than the payments received. You must disclose gifts totaling \$50 or more from a single source during the period covered by the statement.

When reporting travel payments that are gifts, you must provide a description of the gift, the **date(s)** received, and the **travel destination**.

- **Travel payments are income** if you provided services that were equal to or greater in value than the payments received. You must disclose income totaling \$500 or more from a single source during the period covered by the statement. You have the burden of proving the payments are income rather than gifts. When reporting travel payments as income, you must describe the services you provided in exchange for the payment. You are not required to disclose the date(s) for travel payments that are income.

Example:

City council member Rick Chandler is the chairman of a 501 (c)(6) trade association and the association pays for Rick's travel to attend its meetings. Because Rick is deemed to be providing equal or greater consideration for the travel payment by virtue of serving on the board, this payment may be reported as income. Payments for Rick to attend other events for which he is not providing services are likely considered gifts.
